

2021 PRESIDENT'S MESSAGE

Dear San Francisco Bay Area NBMBAA Chapter Members, Supporters, and Partners,

I am extremely honored by the opportunity to serve as the 2021-2022 President of The San Francisco Bay Area Chapter of the National Black MBA Association (SfNBMBAA). As we move into 2021, we look forward to finding new ways to connect and serve our members and community. This year, as we continue to embrace change, we are excited to welcome our new Chapter Board members and congratulate our leadership team members who have transitioned into new roles.

The SF Bay Area Chapter gains its strength from a strong belief in community and a commitment to its development through economic and educational development initiatives that support the global African American community. As a Chapter, we have over 300 African American professionals and entrepreneurs with diverse backgrounds in the private and public sectors between the Bay Area and Sacramento. Our membership ranges from undergrad and grad students ready to begin their careers to established executives and leaders in their respective fields. Our commitment to our members' growth and development continually drives us to strengthen our commitment to our five pillars of engagement, **Career, Education, Entrepreneurship, Leadership, and Lifestyle.**

My hope for 2021 is that our Chapter continues to thrive as a premier collective body of Black business professionals and entrepreneurs striving to make a difference within our respective areas of influence. We look forward to expanding our programming, continuing the incredible work within our Leaders of Tomorrow program, and the opportunity to bring in more members to serve on Chapter committees. We welcome your participation and support.

I look forward to our Chapter working collaboratively with the community we serve.

Thank you for your support.

Kind Regards,

Myisha Robertson, MBA, MPA

President

San Francisco Bay Area Chapter National Black MBA Association
